☐ Continuation Sheet Attached

Brief Description of Arguments to be Presented:

Claims 20, 34, 26, and 40 are rejected under § 112 for lack of support. Applicants are prepared to illustrate specification support for these claims. However, the examiner has not addressed the limitations presented in the last amendment. Limitations for claims 22, 36 (e.g., a graph database) and 29, 32, 43, and 46 (e.g., a bitmap identifying individual members) are also not addressed by the current office action. Applicants would like to discuss these issues before considering an RCE or appeal.

An interview was conducted on the above-identified application on _____

NOTE:

This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP §713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
